

**Interdisciplinary Perspectives on Southeast Asia
University of Zurich, 15 September 2017**

Southeast Asia Meet Up

As a culturally, politically and economically diverse and highly dynamic region, Southeast Asia has attracted increasing interest among students and researchers from various disciplines across Switzerland and in its neighbouring countries. Inspired by an initiative from the Netherlands, we would like to bring these varied strands of research together in a one-day Southeast Asia Meet Up. The Meet Up, which we envision as a regular event, is aimed at fostering exchange between academics from a wide range of disciplines in the social sciences and humanities working on the Southeast Asian region. It is a platform to present projects, share ideas, collaborate across disciplines and institutes, and make new and lasting connections within the field of Southeast Asian studies in Switzerland, and beyond.

PhD students, postdocs and senior researchers are warmly encouraged to give a short, 10-minute presentation on new, on-going, or recently completed projects. There will also be an opportunity to exhibit recently published works on the book table or present projects in the form of research posters. The event will be open to students interested in Southeast Asia.

Registration and application procedure

Registration and application deadline: 15th of May 2017. Please confirm your presence and whether you wish to bring a poster. If you would like to present please send a title and a short description/abstract of your project (max. 200 words). Contact person: Dr. des. Esther Horat: esther.horat@uzh.ch
